SUMMARY

Freshman at USF, trying to get better every day. One step at a time.

OBJECTIVE

Seeking an on-campus position at USF, with a focus on opportunities related to Computer Science, where I can apply my skills and contribute to the university community

KEY COMPETENCIES

Python Programming	Critical thinking skills	Proactive and self-motivated
Microsoft Office	Excellent communication skills	Problem solving skills
HTML	Strong interpersonal skills	Familiarity with Adobe Premiere
CSS	C#	Pro
Assembly	Javascript	Basics of React

EXPERIENCES

Academia Lalmatia

Dec 2023 - April 2024

Teaching Assistant

Took Substitute classes for students in the senior section (class 8 to 12)
Assisted teachers in planning and delivering lessons to students
Invigilated mock examinations, ensuring students did not cheat
Edited question papers for mock examinations with PDF Xchange editor
Checked mock examination papers

SASE Hackathon Participant

4 October, 2024 - 6 October, 2024

Contributed to the development of Bocky The Book along with teammates,
a user-friendly search algorithm that helps children easily discover
interesting events from specific years.

Stop-Motion Animation

26 February, 2025 - 30 April, 2025

Collaborated with a teammate to create a stop-motion animation video
highlighting the issue of unequal access to knowledge as part of the
IDH3100 (Honors Arts and Humanities) course.

HACK USF 2025

April 5, 2025, April 6, 2025

Worked on front end development for a site that uses AI to classify cells
as cancerous or non-cancerous, while learning about how AI models work

Origami bot Assignment Completion**September 20, 2024**

Part of a team project in EGN 3000L class
Made an origami bot in EGN 3000L class

Volunteer at Bangladesh Student Association (BSA)**1 October, 2024 - Present**

Active volunteer, helping to organize various cultural events.

Thesis Project**September 23, 2024 - Present**

Currently working on a thesis about the impact of screen-time on development as part of the Honors Acquisition of Knowledge class
Link to thesis draft: <https://shorturl.at/iDXR5>

Personal Hobby: Art Channel on YouTube**November 2021 - Present**

Made and maintained an art channel on YouTube
<https://youtube.com/@artooze9707?si=XvDYJjw9kc0yPOJV>

PROJECTS

Password Generator Web App

Developed a browser-based password generator allowing users to customize length and character types.

Unit Converter Web App

Created a multi-category unit converter supporting conversions for length, volume, temperature, and more.
Implemented dynamic dropdowns and responsive design using JavaScript and CSS.

ReactFacts App (React Introduction Project)

Built a modular React app to demonstrate JSX, component architecture, and rendering.
Used JSX, functional components, and CSS styling.

Lead Tracker – Chrome Extension

Developed a Chrome extension for saving and managing browser tabs as sales leads.
Used localStorage, DOM manipulation, and JavaScript events to create interactive functionality.
Learned Chrome APIs, manifest configuration, and asynchronous callbacks.

Origami Bot – EGN 3000L Course Project

Contributed to team project to design and build a functioning origami bot as part of engineering coursework.
Applied creative problem-solving and collaboration in a lab setting.

AI Cancer Cell Classifier (HACK USF 2025)

Worked on the frontend of a web app that classifies cells as cancerous or non-cancerous using AI.
Gained hands-on experience with frontend design and learning about AI model integration.

Bocky the Book (SASE Hackathon 2024)

Collaborated with a team to create a search algorithm that helps children discover historical events in a user-friendly format.

Focused on accessibility, simplicity, and education-driven design.

Stop-Motion Animation Project (IDH3100 Honors Course)

Created an original stop-motion video on unequal access to knowledge, combining creative storytelling and digital media skills.

EDUCATION & CERTIFICATIONS

Bachelor of Science in Computer Science

Expected Graduation semester: Spring 2028

Part of the Honors College Community at USF**MENTIONABLE AWARDS**

Green and Gold Presidential Award at USF

December 8, 2023

Edexcel High Achievers Award

March 9, 2024

Daily Star Award

February 20, 2024
